Synopsis

UNSC Cadet Thomas Lasky must conquer his inner fears and join forces with super-soldier John-117 to take down a massive faction of the Covenant.

In 2525, as mankind has begun to colonise space, a group of cadets are training to fight against human insurrectionists. One of these cadets, Thomas Lasky, has doubts about his abilities as a soldier and his convictions for this war. Whilst he struggles with himself, the planet is invaded by an unknown alien race. Reeling under the assault, Lasky and his squad mates are rescued by John-117, one of the UNSC's legendary SPARTAN-II super-soldiers. John must inspire Lasky to fulfill his potential as a soldier and a leader to fight against an enemy deadlier than any that humanity has faced before.

Batman Begins 1080p 1.02s Batman Begins 1080p 1.06s Captain America 4G 720p 1.15s.. It's a 2D film with lots of action, but we also have some action in the background. I've decided to use my own style of action scenes but use mostly character action scenes.. Some of the other movie scenes that were removed from the script are some of the scene in City of the Dead when we see the zombies walking after the scene which seems to not be a good feeling.
